

Construction Trades

HALF DAY

GRADES 10-12

CAREER TECHNICAL

The Construction Trades program of choice is designed to build skills needed for direct entry into the construction field or an apprenticeship program. Our program offers coursework in:

- Framing
- Plumbing
- Electrical
- HVAC
- Architecture
- Engineering
- Construction Management

This coursework leads to capstone projects incorporating all these skills.

Successful completion of the Construction Trades program of choice prepares students to enter the workforce directly or continue their experience in a technical school, community college, or a four-year university.

Jobs in the Construction Trades Field
