

2017 Summer Sports Physicals

Sponsored by Vancouver Public Schools, Family Medicine of Southwest Washington, and The Free Clinic of Southwest Washington

Available to Vancouver Public School students entering 6th through 12th grades

These physicals are provided by volunteers and are meant to target those athletes with difficulty accessing care or who **do not have health insurance. These exams are not meant to replace regular health visits with your primary care provider. If you have access to primary care, please have your sports physical performed there.

Students with known cardiac, asthma, diabetes and/or seizure related issues or other conditions of concern cannot be served. If an abnormality is found, you will be referred to your primary care provider before being cleared for your sport.**

August 10th, 2017 @ Hudson's Bay HS
