Message from the Vancouver School Board
To promote a safe, nurturing and beneficial learning environment for each of our students, and to maintain order and discipline in classrooms, playgrounds, hallways, school buses, and school sponsored activities off campus, the Vancouver Board of Directors adopts policies and procedures for administering discipline within each school. These policies and procedures are developed with participation from parents and community. The policies and procedures are designed to involve the parent and student early in the resolution of discipline problems. Annually, the principal and the certificated staff of each school review these disciplinary procedures to ensure uniform enforcement.

Mission of the Vancouver School District
Excellence in Education
In partnership with home and community, Vancouver Public Schools provides an innovative learning environment that engages and empowers each student to develop the knowledge and essential skills to become a competent, responsible, and compassionate citizen.

Academics

Hudson’s Bay High School has a superior program for the students who will be our leaders of tomorrow. In our rigorous academic classes, we focus upon the highest standards of excellence, integrity, and honor.

Eagle Time Program
Eagle Time is designed to provide students access to their teachers outside of the normal class time. Students often use this time to make-up tests, get tutoring, and/or access other resources at Hudson’s Bay High School. Students will be provided Eagle Time expectations and schedule at the beginning of the semester.

Grading Criteria
Grade reports (report cards) are issued approximately every nine weeks. The first nine-week report is a mid-semester grade indicating how well a student is performing halfway through the semester. At the end of the semester, the grade report displays the second nine-week grade and the semester grade. The semester grade is the final course grade, which will be used to determine G.P.A. and satisfactory or unsatisfactory completion of the course.

Progress Reports
Midway through each quarter, Progress Reports are sent home with the student. When a student is in danger of failing, a progress report will be sent home in the mail.

GPA
Each student’s grade point average is computed by totaling the average of the point values below:

<table>
<thead>
<tr>
<th>Grade</th>

<tr>
<td>A</td>
<td>4.0</td>

</tbody>
</table>

F = Failure (course must be repeated for a graduation requirement) = 0
Inc. = Incomplete – Work is incomplete because of extenuating circumstances. All work must be completed within a six-week period or the grade will become an “F” for the course.

Final Exams
As a general rule, the following guidelines should be followed:

1. Teachers will provide information to their students regarding what will be covered in the final exam, the method of assessment to be used, and the teacher’s expectations.
2. Teachers will inform students of the grade value that will be placed upon the final exam, or any other culminating activities.
3. At the conclusion of the final exam or other culminating activity, students should remain in their assigned class until the conclusion of the period.

Class Withdrawal
The school policy concerning the withdrawal from or the dropping of classes by students is not to be confused with changes of schedule authorized by an administrator. (Example: If a student must withdraw from PE for a medical reason, the counselor would change the schedule.)

1. Students are required to take six classes each semester. Students enrolled in less than a full-time program of studies must have approval from the principal or designee.
2. There will be no schedule changes after the fifteenth day of the semester, with the exception of administrative changes. It is difficult, if not impossible, for a student to understand the concepts presented, to make up the work, and to succeed in a class if they enter late. If a student drops a class after the fifteenth day of the semester, the student will receive an “F” grade for the course.
3. Students enrolled in year-long classes will normally remain in those classes for the school year. A student may be allowed to withdraw from a year-long class if, after the first semester, the student has failed the class.
Graduation Requirements

Students must attempt state mandated exams and meet a State approved pathway (p.22) in combination with 24 credits to graduate. Please refer to the curriculum guide for more details.

Peer Mentoring/Transition Program

Hudson's Bay's Flight Crew helps incoming freshmen transition from middle school to high school. It is a student to student program with juniors and seniors mentoring a small group of freshmen. This is a student-driven program that will help the freshmen feel more comfortable about high school and a program designed to help the overall school climate.

Magnet Program

Bay ACES (Architecture, Construction, and Environmental Services)

The Bay ACES Magnet offers a unique four-year high school education for students who are interested in the fields of urban horticulture, landscaping, natural resources management, wildlife, environmental services, computer aided design (CAD), construction and engineering. This magnet provides students with the opportunity to develop the academic and technical skills they need to be more active learners, engaged and informed citizens, and qualified employees.

Hudson’s Bay’s ACES program hosts a floral shop, retail nursery, and science park on its beautifully landscaped site. Students design and construct models, participate in various competitions and lead many on-site projects. Because students have on-site access to the tools of the trade, they are able to apply their learning in real and relevant ways.

The community is an active partner, providing context for students to apply and extend content knowledge. Guest speakers, field trips, job shadows, service learning, internships and paid work-experience and instructional strategies such as case studies, inquiry based learning, competitions and hands-on activities provide the real-life context that engage and motivate students.

Athletics

Hudson’s Bay High School offers a full program of extracurricular athletics. Programs are organized at all levels for competition. Every effort is made to afford any student the opportunity to participate if he/she has a desire and willingness to work hard and the self-discipline to succeed in athletics.

Hudson’s Bay High School is a member of the Greater St. Helen’s 2A League. Other league high schools include: RA Long, Mark Morris, Woodland, Hockinson, Ridgefield, Columbia River, Washougal and Fort Vancouver.

Athletic Clearance Procedures

Each athlete must complete the following procedures before he/she may report for any official interscholastic practice or competition:

1. He/she must have insurance coverage, both health and dental.
2. He/she must have a physical examination by a licensed physician.
3. One examination will cover a period of 24 months.
4. He/she must have a parent consent form signed by a parent or guardian.
5. He/she must read and follow the Athletic Code. This form is to be signed by parent and/or guardian and student.
6. He/she must purchase an ASB card for $35 and pay the $60 athletic fee each sports season. Price to be announced.
7. All forms are to be completed and returned to the Business Office. The student will then receive an Athletic Clearance Card, which is to be presented to the coach before participating in a practice.
8. Athletes must meet the WIAA Academic standards in order to enter a competition.
9. Any student who turns out for an official practice or competition without completing the above regulation is subject to disqualifying the entire team!
10. Clearance information will be accepted in the Business Office starting two weeks prior to the next sports season.

**Excusing an Absence**
Absences may be excused for the following reasons (P3122): Illness, a doctor’s note is required if a student is ill for five (5) or more days in a month, unless the principal, for good cause, waives the requirement; Health care appointments; Emergencies, including but not limited to a death or illness in the family; Religious or cultural activities, including observance of a religious or cultural holiday or participation in religious or cultural instruction; Participation in a district or school approved activity or instructional program as approved by the principal; Deployment activities of an active duty military parent or guardian; Visitations for apprenticeships, technical school, post-secondary education, or scholarship interview; Prearranged absences that the principal (or designee) and parent agree upon on approved activity. The school cannot excuse absences for
trips taken by students unless these trips involve direct supervision by the school or the family.

Absences must be excused by a parent within three days after the student absence in one of the following ways:

- Send an e-mail to bay.attendance@vansd.org
- Call the attendance line at 360-313-4440
- Enter the absence into Skyward Family Access
- Send a written note to the attendance office

If a student is eighteen (18) years or older, or is legally emancipated, the procedures for the parent in this regulation may be exercised by the student.

If a student is eighteen (18) years or older, or is legally emancipated, the procedures for the parent in this regulation may be exercised by the student.

It is the responsibility of the student or parent to arrange for any needed make-up work. Unexcused absences will result in an automated phone call notifying the parents of the absence.

**Truancy**

Children between the ages of 8 and 18 years of age are required to attend school. Truancy is when a student is not in school and the absence is unexcused.

After three (3) unexcused absences, the school will schedule a conference with the student and parent.

Not later than the student’s fifth (5th) unexcused absence in a month the district will enter into an agreement with the student and parents that establishes school attendance requirements.

At some point after the second (2nd) and before the fifth (5th) unexcused absence, the district will take data-informed steps to eliminate or reduce the student’s absences. These steps will include application of the Washington Assessment of the Risks and Needs of Students (WARNS) or other assessment by the district’s designated employee.

After seven (7) unexcused absences in a month, or ten (10) in a year, the student will be referred to the Office of Student Welfare and Attendance to file an initial petition with the court.

**Tardy Policy**

A student is tardy when he/she enters the classroom after the tardy bell and within the first fifteen (15) minutes of class time. It is considered an absence if the student is more than fifteen (15) late to class and will be marked with the code of “V” in the attendance. A student’s accumulation of tardies is continually monitored by teacher and administration, and interventions will be assigned after a student has accumulated more than 5 period tardies in a grading period or class.

**Departing Early**

Students are expected to remain on campus from the time of arrival until excused. Students who ride the bus are to remain on campus once they arrive.

Students who need to check out early for illness or appointments must report to the attendance office BEFORE leaving campus. Failure to do so will result in truancy, regardless of later returning to school with a note from a parent.

Parents coming to pick students up from school must check in at the main office.

Students who are eighteen (18) may sign themselves out, but unless they are legally emancipated, parents will be contacted to ensure the safety of the student.

**Attendance Codes:**

T-Tardy
V – Student arrived more than 15 min late or departed more than 15 min early

1. If the situation is one where a counselor might be of assistance, contact the counselor.
2. If the counselor is unable to assist, please contact an associate principal.
3. If the parent or student has not reached a satisfactory resolution to the problem, contact the principal.
4. The next step for appeal is the Executive Assistant for Secondary Education. In the event of an appeal of a suspension or expulsion, the Office of Student Welfare and Attendance should be contacted.

Stolen Property
All students and parents need to be aware that the school is not responsible for any personal property that has been stolen.

Trespassing
Washington State Law prohibits trespassing on school property (regardless of age). If trespassers refuse to respond to school personnel’s request to leave, law enforcement authorities will be contacted.

School Rules and Discipline
Hudson’s Bay High School assigns discipline in a progressive manner. Assignment of discipline is based on the severity of the violation. The following discipline may be assigned: Campus Beautification; Thursday School; In-School, Short-Term, or Long-Term Suspension; and Expulsion. Definitions of these consequences are addressed in another section of this handbook.

Synopses of School Rules

Cooperate with staff
Students must obey the lawful instructions of school district personnel. Failure to comply will result in disciplinary action.

Respect private and school property
If a student loses, damages or destroys school property, the school administrator will investigate, notify the parents and seek appropriate restitution for the loss or damage. A student's grades, transcript and diploma may be withheld until restitution is made. In cases of willful destruction, vandalism, or theft, authorities will be notified and the student may be subject to disciplinary action and payment of restitution. When amounts are beyond the earning capacity of the student, the parent/guardian/custodian will be asked to assume the student's obligation.

Attend all assemblies
Students must attend assemblies and comply with the expectations of that meeting. Assemblies may be during the day or at the end of the day, ASB and administration will decide on a case by case basis.

Locks are available upon request should a student want to lock their board up at a designated location during school hours.

Designated eating areas
It is the school’s preference that food be limited to the Commons, and the Counseling and Eagle Hallways. These designated eating areas may be restricted by administration if students fail to pick-up after themselves. During lunch times students are not to be in the 100-500 hallways. Only covered drinks are allowed outside the Commons. Teachers have the ultimate decision whether or not beverages will be allowed in their classrooms. Classroom activities involving food will be left to the discretion of the teacher.

An off campus pass may be denied due to lack of academic progress, attendance and/or discipline. Students returning late from lunch may have their off campus pass revoked by administration.

Off-campus passes are issued for students who have early/late arrival, work co-op or attend Running Start classes. All off-campus passes are reviewed and approved by an associate principal. Applications for these passes can be picked up in the Main Office.

Appropriate Use of Technology
DO NOT bring programs from home into school on a jump drive to download into student folders or to use to circumvent District filters. Computer network accounts are to be used for school-related purposes only. Internet games, chat rooms, shopping, external e-mail applications, or inappropriate files are not permitted. Users are not allowed to download or install applications. Please revisit the technology agreement for additional details/applicable rules.

Students that use district equipment/technology for activities prohibited by the Vancouver School District will face disciplinary action.

**Student Valuables**

Students are requested not to bring large sums of money or valuables to school. Upon student request, the Business Office may place money in the vault for safe keeping while students are at school. Students are ultimately responsible for any items they chose to bring to school.

**Flowers and/or Balloon Deliveries**

We realize the importance of showing someone how much you care, but please do not have flowers/gifts/balloons sent to students at school. They will not be delivered and school bus drivers will not allow students on the bus with balloons. **Helium balloons are not allowed at school** because these balloons can set off the fire alarm system in the Commons, weight room and gym.

No classroom will be called to deliver messages, flowers, etc., to a student unless it is a verified emergency (illness, accident, or death in the family). Doctor’s appointments, rides or work information are not considered an emergency.

**Altering School Records**

Any student who falsifies, alters or destroys a school record or any communication between home and school shall be subject to disciplinary action.

**Classroom Discipline**

Individual classroom teachers are responsible for establishing behavior guidelines that are communicated to students. Students are expected to comply with each teacher’s classroom rules.

When a student violates a classroom rule, the teacher will address the violation by providing interventions. In addition to conferring with the student and his/her parent/guardian, the teacher may ask the student to leave the class and go to a designated place. Teachers may also impose a reasonable detention that extends beyond the end of the school day. The parent/guardian must be notified before the student can be detained. When necessary, the teacher may refer students to the office of the appropriate school administrator.

**Confiscated Items Action Plan**

- **1st Offense:** Warning and restorative conference around school policies and expectations
- **2nd Offense:** Taken for the day
  - Restorative Conference with student
  - Parent notification
- **Additional Offenses:** Above plus
  - Parent retrieval of item
  - Assigned Thursday School* OR appropriate discipline as decided by administration.

If a student refuses to surrender personal items that are causing a disruption to the learning environment, they will be immediately referred to administration for restorative and/or disciplinary actions. Possession of personal items or devices is a privilege. These procedures are in place to
protect the learning environment at Hudson’s Bay High School.

**Dress Code**
The dress and appearance of students is the direct responsibility of their parents, guardians, or custodians.

If a student’s dress and/or physical appearance causes a disruption to the educational process, or threatens the health and/or safety of the student or others, a staff member will ask the student to refrain from wearing such apparel, jewelry, accessories or using such manner of grooming while at school or school-sponsored events.

If students refuse to comply, a referral to administration will be made and discipline can be assigned and parents/guardians contacted.

**Prohibited dress or physical appearance specifically includes, but is not limited to:**

- Displaying lewd, sexual, weapon, drug, tobacco, alcohol-related, hate or violent messages in clothing and/or headgear.
- Wearing apparel that indicates gang affiliation as reported by the Gang Task Force and/or law enforcement agencies (students may not possess bandanas, bandana print, etc.).
- Exhibiting a bare midriff or undergarments
- Wearing shorts/skirts that are shorter than the wearer’s fingertips when arms are hanging down; and, wearing trench coats, gloves, hanging belts, or sunglasses inside school buildings.

Hudson’s Bay encourages students to practice dress standards that will be needed in the future in the workplace. Sagging pants, immodest necklines (i.e. tube tops, halter, low-cut or strapless tops) or clothing with revealing cutouts is inappropriate. Any student wearing, carrying or displaying gang-related apparel or exhibiting behavior or gestures which symbolize gang membership or causing and/or participating in activities that intimidate or otherwise place other students in fear of personal safety shall be subject to discipline.

**Personal Grooming should occur in the restrooms and not in classrooms.** Use of perfume or other fragrances should be used minimally so not be a disruption to the learning process.

4. Parking is permitted in the designated marked spaces only.
5. The school is not responsible for the automobile or its contents.
6. There is to be no loitering in the parking lot at any time during the school day, including lunch.
7. There will be no speeding, the speed limit is 10 miles per hour.
8. Any form of reckless driving on the school grounds i.e. hanging out windows or sunroofs, riding on tailgates or throwing things out of the vehicle could result in loss of driving privileges.
9. Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property or other contraband might be present in the vehicle.
10. Parking regulations are strictly enforced. It is considered a privilege to park on school grounds. Suspension of driving privileges, towing of vehicles, and/or suspension from school may occur when violations of these regulations occur.
11. Students applying for and receiving parking permits fully understand their responsibility in following these rules.
12. All students are to park in designated student parking areas (i.e., Early Release/Late Arrival, Skills Center, Running Start and VA students).

Other Information
Video Productions/Photo Restrictions

Those areas are: the Visual Arts classrooms/studio, the areas adjacent to the Visual Arts classrooms/studio, and the commons (not the outdoor plaza). There may be instances when the video class as a whole needs to tape in other areas of the Hudson's Bay Campus, but the instructor must be present during those occasions. The video/photo camera is not a pass enabling students to travel anywhere on or off campus, but rather a tool to perform specific tasks for a class project or assignment. Failure to follow these rules will result in discipline including withdrawal from the class.

SPECIAL EDUCATION
The Vancouver School District provides appropriate opportunities for children and youth with disabilities from birth to 21 years of age. Students become eligible for special education classes or programs following an evaluation conducted by a team of professionals.

Persons wanting information on the referral and evaluation process should contact the principal or school psychologist. Basic programs established to assist students with disabilities may be provided in regular, learning support, or self-contained classrooms. A number of students are also served by a speech and language pathologist, nurse, occupational therapist and/or physical therapist.

Learning support programs are located in every school. Self-contained programs for students needing a higher level of intervention are located at selected sites throughout the district. Special early childhood programs are provided for children age birth to five through the Vancouver Early Childhood Center.

Each student in the district’s special education program has an Individual Education Program (IEP) specifically designed in cooperation with parents/guardians to meet the student’s unique needs. Student progress is shared with parents in written reports and conferences. Upon entering high school, all students and staff work collaboratively with the student and the parent/guardian to develop an individual transition plan designed to assist the student in developing skills they will need to be successful after high school.

Questions concerning the program may be directed to the Office of Special Education, PO Box 8937, Vancouver, WA 98668-8937; or call 360-313-1250.

(Juniors and Seniors with parent permission passes may leave campus during lunch only.) The only accessible entrance after the start of the school day is the Main Entrance by the office. All other entrances are locked and students are not to open exterior doors for anyone.

Students are expected to remain on campus from the time of their arrival until the last class period of their scheduled day. Students who go off-campus, or in out-of-bound areas, violate the closed campus rule and are subject to discipline.

Off-Site Classes
Some classes for Hudson’s Bay High School students are held off-site (i.e. Clark College, Skills Center). A student who drives to an off-site class must make prior arrangement with an associate principal. In order to give permission for such an arrangement, the written approval of the parents of the student is necessary. If bus transportation is not provided, it is the obligation of the student to provide his or her own transportation.

Out-of-Bounds Areas

**Street Crossing**

When students and teachers find it necessary to cross Mill Plain or McLoughlin during the school day, students will be instructed where and when to cross.

It is imperative that teachers and students cross at the following locations:

1. The intersection of Fort Vancouver Way and Mill Plain
2. South of the school at the Hudson’s Bay Crossing
3. The intersection of Reserve Street and Mill Plain

**Remember:**

1) The lights change fairly rapidly. If you are in the intersection, quickly finish crossing,
2) Use common sense when crossing; check the light, look both ways and cross when appropriate.
3) Stay within the lines of the crossing.
4) Teachers taking students on field trips around campus for any reason, must use the crosswalks and intersection lights.

**Visitors**

All visitors must report to the office and, if they qualify, sign in and receive a Visitor’s pass. Visitor passes must be worn so that they are visible. Hudson’s Bay is a closed campus and generally does not allow student visitors.

**Voter Registration**

Upon reaching their eighteenth birthday, students may register to vote. They may register with the secretary in the main office or in their CWP class.

**Selective Service Registration**

Male US citizens and male immigrants, who are 18 through 25, are required to register with Selective Service within 30 days of their 18th birthday. It's important to know that even though he is registered, a man will not automatically be inducted into the military. Male students who fail to register with Selective Service before turning 26 are ineligible for Federal student loan and grant programs. Visit [www.sss.gov/register/](http://www.sss.gov/register/) to register.

**State Required Assessments**

Beginning in 2015, Washington State Schools began implementing the Common Core State Standards with the beginning of the Smarter Balanced Assessments (SBA). In the Spring, all 10th graders will be expected to take the ELA & Math test and 11th graders will take the Science test.

**Juniors:**

- **PSAT/NMSQT** Preliminary Scholastic Aptitude Test
- **National Merit Scholarship Qualifying**

The PSAT is designed to prepare students for the SAT, and is therefore offered at no cost to all VPS Sophomores in the Fall of their 10th grade year; a recommended test for all four-year college-bound juniors.

This is the assessment test used to qualify students for the National Merit Scholarship Program. This test may be taken both in the sophomore and junior years, but only the junior year test results are used for National Merit Scholarship purposes. All VPS 10th graders will be registered for the PSAT and will be offered testing during the school day in October. PSAT registration is handled through the Business office in late September.
Juniors and Seniors:

ACT: American College Testing Program

The ACT assessment instrument consists of a battery of four tests, and a Student Profile Section and Interest Inventory completed when students register for the assessment. The academic tests cover four subject areas: English, Mathematics, Social Studies, and Natural Sciences.

The ACT also includes an optional writing assessment that is strongly recommended for four-year college applicants. These tests are designed to assess each student’s general education development and ability to complete college level work. In-state and out-of-state colleges require either the SAT or ACT and will accept either for admissions purposes.

SAT I: Scholastic Aptitude Test (TBD)

VPS offers a School Day SAT at no cost to all 11th graders in March of their Junior year. The basic registration/reporting fee information is available in the Career Center or on the website. The SAT measures the verbal and mathematical abilities developed over many years, both in and out of school. This test is required for admission to many colleges and universities.

Test Dates, Fees and Registration

Test Dates, Fees and Registration

Deadlines available at:

www.collegeboard.com

SAT test dates for each school year are listed at www.collegeboard.com) Tests will be given in October, November, December, January, March, May and June. Fee information is also available on the web site.

Many students choose to take a combination of the ACT and SAT, and begin testing in spring of their junior year, and retest again fall of their senior year. Registration materials for both the ACT and SAT are available in either the Career Center or the Counseling Center.

Registration is available on-line for the SAT at http://www.collegeboard.com, and for the ACT at http://www.act.org for admission, course placement, or both.

ASVAB Test 1:

September & April

The ASVAB (Armed Services Vocational Aptitude Battery) is an optional exam for juniors and seniors. ASVAB scores are not reported by Vancouver Public Schools to any military personnel. Scores are made available only to students who choose to take the exam.

ASVAB is the entrance exam used by all branches of the military. However, ASVAB results are valuable to students who are not considering military service because these scores indicate students' strengths in a variety of academic and technical areas. Students who take ASVAB are invited to an interpretation-of-scores session during which they find out how their interests and skills relate to the demands of more than 400 occupations (military and civilian). For more information about ASVAB, go to www.asvabprogram.com.
### Graduation requirement pathways

The Washington State Legislature passed a bill creating multiple pathways to graduation. School districts are required to administer the Smarter Balanced Assessment in both mathematics and English language arts (ELA) to all 10th graders. Passing each of these assessments is the first “pathway” among a set of multiple pathways to graduate. Students identify their pathway in their High School and Beyond Plan.

**Students must satisfy at least one math AND one ELA pathway as listed below:**

VPS 1:1 TECHNOLOGY RESPONSIBLE USE AND SAFETY AGREEMENT

PURPOSE: Vancouver Public Schools (VPS) may issue students a one-to-one (1:1) technology device that can be used both at school and at home as a means to promote achievement and provide flexible learning opportunities. This agreement outlines VPS expectations for students and families issued a 1:1 device. In addition to this agreement, the use of district-provided technology requires students to abide by the VPS Technology Use Guidelines as stated in the Student Code of Conduct.

VPS expects that students will use district issued equipment responsibly. This agreement will help you understand the appropriate use of both the technology and district network resources. VPS also expects that students will make a good faith effort to keep their 1:1 device safe, secure, and in good working order. This agreement includes the following specific responsibilities and restrictions.

Student Expectations:
1. **Charge your 1:1 device at home every night** and bring it to school each day with a full charge.
2. **Communicate Responsibly!** Electronic communication must be conducted in a professional and academic manner, using appropriate language, and avoiding profanity and offensive or inflammatory speech.
3. **Back up important files regularly.** VPS maintains 1:1 devices with periodic updates. Students should save files in online storage to avoid accidental loss of data. *VPS cannot guarantee data loss will not occur and is not liable for such loss.* Ask for assistance if you do not know how to backup your files.
4. **Use technology for school-related purposes only.** Use for commercial or political purposes is prohibited.
5. **Follow copyright laws and fair use guidelines.** Only download/save music, videos, or other content related to specific assignments. Do not use your device to store personal digital content.
6. **Make your 1:1 device available for inspection by any administrator or teacher upon request.**
7. **Keep the device in its school issued case (if applicable).**
8. **Return the device to school promptly if you un-enroll from the district!**

The following activities are prohibited:
1. Do not mark or deface your VPS issued 1:1 device or case. Defacing includes the use of stickers or tape.
2. Do not loan your VPS 1:1 device, charger, or cord to anyone; do not leave your device in a vehicle or unattended at any time, and do not eat or drink while using your device.
3. Do not attempt to change or bypass the internet filtering, security, network/wifi settings, or any other device settings, including the installation of games or other unauthorized software.
4. Do not attempt to access systems beyond your authorized access. This includes sharing your account password for any system with others, or using another person’s account and/or password.
5. Do not attempt to locate, view, share, or store materials that are unacceptable in an academic setting. *This includes, but is not limited to, pornographic, obscene, racist, graphically violent, or vulgar images, sounds, music, language, video, or other materials.* The criteria for acceptability is demonstrated in the types of material made available to students in district provided learning materials & resources.
6. Do not take pictures or videos of other students or staff without their permission.

**Hacking:** Please note that “hacking” of any type, including the intentional introduction of malicious software (viruses), attempts to gain unauthorized network or system access, or attempts to disrupt normal network traffic, will result in district discipline and may lead to criminal charges.

**Student Safety:**
1. Students should not intentionally reveal or post identifying personal information, files, or communications to unknown persons through email or other means.

2. Bullying or harassment, including personal attacks or threats toward anyone using online resources, is strictly prohibited and may lead to criminal charges. If you are aware of bullying or harassment, please report it to responsible school personnel.

3. All student 1:1 computing devices are configured to filter internet content and communications at school, at home, and on any other network.

4. While internet filtering is intended to restrict access to inappropriate or non-educational content, the district cannot guarantee that students will not intentionally or unintentionally access content that may be deemed unacceptable. If you access inappropriate content on your device, report it to school staff immediately.

5. The electronic communications, activities, and files created and/or accessed on district technology are not private and are subject to being viewed, monitored, and/or archived by the district at any time.

**Parental/Guardian Monitoring Responsibility:**

Despite the filtering measures detailed above, parents and/or guardians assume responsibility for monitoring their student’s activity on district-issued devices and accounts during non-school hours and on non-student attendance days. Users are responsible for the appropriate use of the device and all accounts, applications, and services.

If information is collected that indicates activity outside of the acceptable use, that information will be reviewed with the student and/or parent/guardian during normal school business hours.

**IMPORTANT SAFETY NOTE:** information obtained by school district officials, after school business hours, suggesting or indicating imminent danger to a person(s) will initiate a 911 report upon receiving that information. Building administration will contact the parents/guardians on the next school business day regarding the matter.

**Fiscal Responsibility:** The district strives to limit the financial responsibility for families of students issued 1:1 devices. In cases of accidental damage, a 1:1 device will be repaired up to two times per year at no cost to the family. If the device is lost or stolen, and the school determines that the student is not at fault, the replacement fine is $99.00. If a device is damaged, lost, or stolen due to willful negligence, the family may be responsible for the full cost to repair or replace the 1:1 device. A police report must be filed by the family for all devices stolen when off campus.

By signing this document, you agree to abide by the conditions listed above and assume responsibility for the appropriate and safe use and care of VPS district-issued technology. You understand that should you fail to comply with the terms of this agreement, access to 1:1 technology, the internet, and other digital content or services may be limited. Students may also be subject to disciplinary action as outlined in the VPS Student Code of Conduct.
